at Lawrence County, Mass. The Mechanics' Institute Exhibition. The "week of full preparation and complete

display" is upon us. The enlivening manifestations of machine power, always attractive, will be especially interesting during this week, in the large and convenient hall in the basement. We intend to give a daily review of the rarities and improvements on exhibition. We specially commend our citizens, of all classes, to make a visit to the rooms. Visit them to observe the triumphs of our working men; visit them to inform yourselves of what is new and useful; visit them to patronize the enterprise of the committee which has expended large sums to make a snitable public enterinin-

A Challenge to Douglas.

William M. Corry, Esq., of this city, has addressed a written proposition to Hon. Stephen A. Douglas, care of Mr. Manypenny, Chairman of the State Executive Committee, offering to discuss with him at Pike's Operahouse, or other commodious hall, in this city. on Thursday evening, the important topic of Popular Sovereignty-Mr. Corry contesting the position advocated by the Illinois Senator. Mr. Corry proposes that a committe of the best citizens of this city shall arrange the details of the meeting, if the proposition be accented.

Four Hundred Lunatics!

We confess to a deep feeling of sympathy with the person who is to officiate for the coming year as Euperintendent of the new Lunatic Asylum of Hamilton County. The brave man who well performs his functions should be a Christian gentleman, a skillful physician, an able manager, and of high-toned public spirit. He should be recognized at once as the leading man to care for and procure relief to half a thousand disordered intellects. The grand suite of new buildings, erected on a bench of land overlooking Carthage, appears to an observer, passing on the railroad, like some great State building. It is ample in extent, and is provided with all modern conveniences from turret to foundation stone.

In Dr. Mount's report, just issued, we are furnished with interesting statistics, which we have not now an opportunity to refer to, otherwice than to express our belief that the fluances pinced under the control of the present Superintendent have been economically expended, as the report shows the pro rate cost of nationts is less here than elsewhere.

But what a thought! four hundred lunatics in this county, needing and requiring our sympathy and assistance! The new building is o e arly ready for occupation.

Cincinnati a Distributing Market.

As the season of trade is setting in, it is impertant for country merchants to know that Cincinnati is amply supplied with all needful fabrics and products for their fall purchases, and that nowhere can better bargains be obtained than in this market. The city of Cincinnati sells goods, and distributes them by various modes of transit to sixteen States.

THERE PERSONS DROWSED. On Friday last, Miss Worthington, Miss Beall and Miss Chamberlain were drowned in the Ohio River, near Wellsburg. While crossing the river, the skiff foundered.

FATAL AFFRAY IN NASHVILLE -The Memphis Argus announces that on Friday last a difficulty occurred at Nashville between L. G. Steward, a defeated candidate for the Legis-larure, and his successful opponent, Mr. Ben-nett, which resulted in the death of the latter.

23-Ten Broeck has bought "Sherritt," the best three-year old in America, from A. Keene Richards. He is an "Albion" colt.

Four Days Later From Europe .- The Arago at Cape Race.

Sr. John's, N. Baltinean, September 4 .- The law and order town-meeting for to morrow evening will be an immesse affeir, and the spirit already manifested has bad its effect upon the rowdy gangs. A full independent ticket will be nominsted. Our city is certainly had enough, but the sensation reporters have awfully exagger-ated recent events. The late steamboat outrage is an instance of this spirit of exaggeraion. At the investigation of the affair, fortytwo witnesses were examined, and yet not one either saw or heard of any violence to the females on board. The other parts of the story, as orginally published, appear to have been equally magnified.
